

Lecture Series I Ringvorlesung I 290209 VO (2023W)

# Climate Change and Climate Crisis

## Science, Activism and Policy in the Climate Emergency

Organisation: Christa Schleper, Franz Essl, Ayansina Ayanlade, Patrick Sakdapolrak (University of Vienna)  
Julian Kragler, Jasmin Lang (Fridays 4 Future)

Oct 11, 2023   Christa Schleper (UNIVIE)	Non-CO <sub>2</sub> greenhouse gases
Oct 18, 2023   Helga Kromp-Kolb (BOKU)	The science of climate change and its limits
Oct 25, 2023   Eva Horn (UNIVIE)	Cultural history of the climate
Nov 8, 2023   Piero Visconti (IIASA)	Win-win for climate change mitigation, biodiversity and the bioeconomy in the EU. Is it possible? An analysis of policies and research findings
Nov 15 2023   Guy Pe'er (iDiv)	Climate change, land use and policy
Nov 22, 2023   Astrid Gühnemann (BOKU)	Policy needs and options for sustainable mobility
Nov 29, 2023   Francis Adesina (Obafemi Awolowo)	Building resilience to climate change at the grassroots: the role of the public sector
Dec 6, 2023   Thomas Glade (UNIVIE)	Environmental disasters and risk management
Dec 13, 2023   Monika Mayerhofer (LBI-GMR)	Climate change, mobility and human rights
Jan 10, 2024   Tim Lenton (Exeter)	Tipping positive change to avoid climate tipping points
Jan 17, 2024   Stefan Dullinger (UNIVIE)	Climate change and biodiversity
Jan 24, 2024   Climates	COP / Climate conferences in times of climate crisis: problem or solution?
Jan 31, 2024   Moderation: Antje Daniel (UNIVIE)	Panel discussion

[archaea.univie.ac.at/climate](https://archaea.univie.ac.at/climate)

Wednesday, 6:30-8 p.m. Audimax Hauptgebäude Stiege 10, University of Vienna

Supported by: SPL29 and Department of Functional and Evolutionary Ecology, University of Vienna  
5 ECTS. Die Zuordnung zu diversen Studienplanpunkten ist im u:find ersichtlich.
