

LET'S TALK ABOUT SYMBIOSIS

EVENT PROGRAM

30.03.23 | 13:00 - 17:15

13:00 **OPENING (HS 2, UBB)**

Session 1 | HS 2, UBB

Chair: Lukas HELMLINGER

- 13:15 - 13:45 **Teresa WINTER**
Ecology of *Zoothamnium* assemblages on
marine shallow water wood falls
- 13:45 - 14:15 **Charles Roque FIGUEIREDO**
Identification of Shipworms in the northern Adriatic Sea
- 14:15 - 14:45 **Michael PREDL**
Evaluating the potential of metabolic models for predicting
cross-feeding in microbial communities
-

14:45 - 15:45 **COFFEE BREAK (UBB 2nd floor)**

Session 2 | HS 3, UBB

Chair: Marta SUDO

- 15:45 - 16:15 **Sanaz KHADEM**
You are where you live! Effect of microclimate on
murine gut microbial composition
- 16:15 - 16:45 **Liz HAMBLETON**
Molecular processes of coral-algal symbiosis at cellular resolution
- 16:45 - 17:15 **Nicole KRAUSE**
Getting a taste of symbiosis
-
